Ask for Let's Talk: Newborn Hearing Screening

Target Audience: Nurse Managers, Screening Coordinators, Hospital Screeners, and Nurse Midwives

Intent: This teleconference is intended to provide up-to-date clinical and non-clinical information on newborn hearing screening to those that provide this type of care.

Objectives — At the conclusion of the activity, participants should be able to:

- * Describe the statewide universal newborn hearing screening, detection and intervention program and be familiar its program guidelines.
- * Describe the types of communication with parents and physicians that may be necessary based on the outcome of the hearing screen.
- * Identify the logistics of screening within a hospital (who should be doing the screening, the population to be screened and what equipment should be used).
