

Audiology & Hearing Aid Center is a successful private practice located in Warminster, PA. At Audiology & Hearing Aid Center, we're different and we like it that way. We combine an intense passion for helping people with the best hearing healthcare technology available. We are a family owned and operated audiology practice. We are seeking talented a full-time Audiologist to serve the needs of our patients. This individual will be responsible for diagnostics and reporting, hearing aid fittings, follow-up care, and providing patients with the best solution for their hearing loss and lifestyle. We are looking for a hardworking, team oriented professional to make a difference, and change the lives of every patient that enters our practice. Quite simply, our goal isn't just to be pretty good, we want to provide the best experience possible for our patients, and employees alike. This position offers a competitive salary, paid vacation and sick days, as well as healthcare benefits including medical and retirement planning.

You will:

- Conduct diagnostic comprehensive hearing evaluations
- Recommend and fit proper hearing devices according to patient needs including verification
- Create the best journey for the patient through superb counseling and instruction
- Mentor and oversee other staff to ensure replication of our world-class protocol and ensure the very best patient experience throughout the region

You will need:

- Education: Masters, Doctorate or Ph.D. Level Degree in Audiology
- Strong leadership, communication, and sales skills
- Pennsylvania audiology license or eligibility for licensure
- Experience with hearing evaluations and fittings required
- Positive, team-player attitude
- Self-Sufficient, hardworking, competent, confident and patient mindset
- Good problem-solving skills, communication, organizational and interpersonal skills required

Occupation Classification Requirements:

- Audiologist
