KlecknerAudiology.com

Kleckner Audiology is looking for an upbeat, ambitious, and patient-oriented Audiologist to join our tight-knit team in Allentown, PA on a part-time basis. Every day, we help patients of all ages hear and process sounds better.

The successful candidate should have strong audiological clinical skills and the desire to work both independently and as a team player. Candidates will possess excellent verbal and written communication skills as well as the passion to provide a high-quality standard of care in all aspects of Audiology using best practices. Motivation and willingness to grow while maintaining strong patient-centered care with honesty and integrity is a must.

Responsibilities:

- Collect detailed case history from patients
- Perform comprehensive diagnostic testing for adult hearing loss and tinnitus management
- Complete hearing aid services, including recommendations, sales, fitting and follow-up care
- Program, fit, and adjust hearing aids using current best practices
- Perform cerumen management utilizing appropriate instrumentation
- Conduct auditory training sessions in-office and over videoconferencing software
- Collaborate with local physicians and allied health professionals

Qualifications:

- Doctor of Audiology degree from accredited institution
- Current or ability to obtain and maintain Audiology licensure in Pennsylvania
- Knowledge of products and software for major hearing aid manufacturers

Competitive salary available.

HOW TO APPLY: Please submit a cover letter, résumé, and a minimum of two references via email to Peter@KlecknerAudiology.com
